

TRICARE FOR LIFE

Dear Patient,

As a courtesy our office will gladly file your secondary insurance, Tricare For Life. However, Tricare requires that members enroll in the crossover from Medicare. This is necessary for Medicare to automatically bill Tricare for any remaining balance after Medicare pays on the claim. Failure to do so will result in non-payment on any remaining balance that Tricare may pick up. If payment from Tricare is not made within 30 – 40 days from the date Medicare pays, you will be billed for the remaining balance.

To enroll in the Medicare Crossover you must call Tricare For Life at 1-866-773-0404. They will need your Medicare information so please have your Medicare Insurance Card available when you call. If you have any further questions, please contact your Tricare For Life Representative.
